GARDNER DENVER® D807 & D907 ROTARY LOBE TRUCK BLOWERS

FEATURES & BENEFITS

- Up to 20 psi continuous duty pressure rating (D807 only)
- Oil lubrication at both ends reduces bearing temperature and eliminates the need for greasing
- Diamond port design greatly reduces noise and airflow pulsations
- Heat dissipation ribbing on body, end plates, and gear cases provides cooler discharge temperatures and allows for tighter tolerances
- Easy Installation with vertical mounting kit • Twin drive shaft offers either direction of rotation and ensures correct alignment of drive shaft upon installation
- Packaged units available for on-site product transfer requirements through dedicated distributor networks

HIGH PERFORMANCE ROTARY LOBE BLOWERS

GD Dry Bulk Truck Blowers are the most versatile truck blowers available. D807 is the first truck blower in the industry to offer 20 psi continuous operation. Fitting a D807/907 on your tractor means it will be ready to do any job necessary. Keep your fleet size in control and make dispatching easy. High pressure capability and wide speed range make these blowers ideal for:

- CEMENT • SAND • FLY ASH • FLOUR • SUGAR • GRAIN • PEBBLE LIME • PLASTIC PELLETS
