## GARDNER DENVER® MH SERIES HYDRAPAK®

### FEATURES

- Heavy-duty stainless steel mainframe for durability and long life
- 2, 4 or 4.4 gallon oil reservoir with integral diffuser, which eliminates foaming and vortexing for increased hydraulic component life
- High efficiency, heavy-duty oil cooler, designed to withstand vibration/road shock/torsional and thermal stress for maximum reliability
- Factory set hydraulic motor driven fan for optimum performance and maximum cooling efficiency
- Anodized aluminum manifold block, designed to protect the system from over-pressurization, while providing return line filtration
  - The multi-ported design reduces hoses, fittings and external connections
- Warranty: **12 months** from installation, **18 months** from shipment date

**Gardner  
Denver**

AUTHORIZED DISTRIBUTOR

### WHAT IS A HYDRAPAK?

The Hydrapak® is a pre-engineered, compact, lightweight, highly efficient hydraulic oil conditioning system. The Hydrapak® incorporates all the necessary components of a properly designed hydraulic system into one pre-assembled unit.

#### The MH Series Hydrapak® includes:

- A small oil reservoir for maximum space and weight savings
- Highly efficient oil cooler for longer component life
- Return line filter, hydraulically driven fan and system relief valve

The Hydrapak® helps to make specifying, purchasing and maintaining any hydraulic system quick, easy, and inexpensive.

- Flow rate to 60 gpm
- Pressure rated to 3500 psi
- Stainless steel construction
- Environmentally friendly
